Resolutions Passed by the St. Louis Chamber of Commerce

Whereas, many counties in Missouri contemplate voting or have voted county bonds for the construction of highways, and

Whereas, it is earnestly desired that the money arising from said bond issues may be honestly and economically expended so that the maximum mileage of durable hard surfaced roads may be secured at the minimum cost to the taxpayers.

Therefore be it resolved, that it is the sense of the Good Roads committee of the St. Louis Chamber of Commerce, and we hereby respectfully recommend that the County courts, local newspapers and commercial organizations in the counties indicated, be requested to urge and insist upon frank and thorough publicity, so that all bids for the sale of Road Bonds and all awards of contracts and specifications for road material and road construction shall be publicly made after legal advertising of same through the local press and other available

means to the end that the interests of the people may be safeguarded and protected.

Resolved further, that it is vital to successful highway development in Missouri, involving as it does the expenditure of millions of dollars of the public funds, that all road contracts should be divorced from party politics and executed by non-partisan boards and engineers of recognized skill and integrity.

Lois J. Brooks,
Chairman Good Roads Committee,
St. Louis Chamber of Commerce.

W. M. C. Notes

Prof. A. F. Hendricks is in St. Louis this week attending the general association of Baptist churches. He is representing W. M. C.

Revs. Johnson, Wigger and Abernathy are attending the association at St. Louis.

Our football team played its first game last Saturday at Cape Girardeau. We can say they were defeated 41 to 0 without the least bit of embarrassment, after we had learned they played such a clean game.

Last Saturday evening, while on the way home from the football

game at the Cape, the car driven by Cletus Bidwell turned over injuring some of the players. However, they are out of danger and will soon be back in school.

Prof. Shacklette attended the dedication services of the Morehouse Baptist church Sunday. He reports a great time.

L. McCoy Moyers is attending the association in St. Louis as a delegate from Marble Hill church.

Rev. Aulabury, the Baptist district missionary, conducted chapel services at the College Monday morning. His talk was very impressive and was appreciated by all.

The enrollment is still growing. New students are arriving every week.

If your heart is right, all right, but if it isn't get it right and designate your subscription in the 75 million campaign to Will Mayfield College.

Rev. J. R. Kinkaid, pastor of the Marble Hill circuit of the M. E. Church, South, delivered a splendid address to the student body at chapel service Tuesday morning. Everybody spoke their appreciation. We are glad to have you, Bro. Kinkaid. Come again.

The girls' basket ball team is putting on some fancy stunts in its drilling. Better watch for dates of games for they have their eyes on some team.

The music department is filled to overflowing in all its branches. We have two teachers and they are putting in all their time. Miss Meek, our new teacher, is equal to the task, while Mrs. Meehan is tried and true.

The commercial department is progressing nicely with Miss Walker as instructor.

Prof. Claude Alexander is teaching during Prof. Hendricks' absence. He is a wide awake teacher.

The Ministerial class is very busy. Most of the boys have full time now.

There will be a basket ball game between W. M. C. and Fredericktown Monday at 3:30 p. m.

Miss Taylor is doing splendid work with her students in English.

The Athletic associations will give an Indian Summer Festival Friday night at the Masonic Hall. Everybody invited.

The Roosevelt Memorial

Beginning next week, on October 20th, there will be a nation-wide campaign to raise a fund of several million dollars to create a memorial to Theodore Roosevelt. The National Roosevelt Memorial committee has recommended that there be a monument of suitable character erected in or near the city of Washington; that there be a memorial park, which will eventually include Sagamore Hill, the Roosevelt home at Oyster Bay, New York, and that a portion of the funds be used in such a way as to inculcate in the youth of the land the high ideals which Theodore Roosevelt, preached so strenuously and unceasingly, and exemplified in his own life.

In speaking of this matter, Herman Hagedorn, Jr., says very truly: "We are engaged in this movement for the purpose of raising a fund for a national memorial to Theodore Roosevelt; but that is only the means of attaining our goal, which is to pass on to succeeding generations the inspiration of his life and character. His courage, his honesty, his candor, his readiness to face facts, his unstained manhood, his gentleness, his deep sympathy, his wide humanity, all that made the loftiness and strength and magic of Theodore Roosevelt, a heritage on which Americans for all time to come will live and grow strong. No national memorial is needed to honor the great man who has left such a heritage to his fellowmen. That heritage is itself his memorial. We build our monuments of granite and bronze only in order that men may be reminded day in and day out of the spiritual heritage which is theirs."

As we get farther away from the political conflicts in which Roosevelt played such a vigorous part, the true greatness of the man becomes more clearly revealed. No other man of recent generations used his commanding position so well to preach earnestly those great fundamental principles which must be ob-

Would You Buy a 200 pound hog if it were offered to you for \$5?

You bet you would if you knew that there was nothing wrong with it. But wait a minute, would you buy a \$20.00 suit if it were offered to you at \$14.50 and you could plainly see that there was nothing wrong with it? Well, we have about eight or ten just such bargains right now and if you want to be one of the lucky ones you had better be coming around for they can't last forever at that price.

ARE YOUR OLD CARPETS GETTING FRAZED AND FRAZZELED?

Have you ever thought of using linoleum on your floor? Come in and talk with us about it. We know that we can save you money and give you a mighty satisfactory floor covering. One that is easy to keep clean, absolutely sanitary and wears a good deal longer than the ordinary carpets.

We want your trade. Let us prove it.

served if men are to attain their highest usefulness. He was our greatest preacher of righteousness, individual and collective, with all that the word righteousness implies. He was the sort of a man we would most like our sons to be, and, as Mr. Hagedorn very truly suggests, our great effort should be to pass on to succeeding generations the inspiration of his life and character.

We hope that the farmers of the corn belt will have their full part next week in contributing to this memorial fund. Of all of our great public men, Roosevelt best understood the farmer and best served him. It is the hope of the National Committee that the millions asked for to be used in creating the memorial will be built up by millions of contributions.—Wallace's Farmer.

Enumerators for Eleventh Census District

Henry C. Bell, of Potosi, Supervisor of the census, Eleventh district of Missouri, has passed upon the tentative plan of the division of the 11th district of Missouri into enumeration districts which was prepared by the geographer of the bureau of census.

Every portion of the district is covered by an enumeration district, distributed in the twelve counties, comprising the 11th district of Missouri, as follows: Bollinger county 11; Carter, 6; Iron, 9; Jefferson, 20; Madison, 9; St. Francois, 20; St. Louis (county), 39; Ste. Genevieve, 9; Washington, 12; Wayne, 12; Perry, 17; and Reynolds, 9. Total enumeration districts, 185.

After a test examination is held at a later date there will be an enumerator commissioned for each of the 175 districts. The rate of pay is established under the law by the director of the census. The per

capita rates will be such that an enumerator of average industry can earn from \$4 to \$6 per day during the period of enumeration. The employment of taxing officers and persons in postal service is prohibited.

Enumerators will begin their work January 2, 1920, and will cover the subjects of population and agriculture only. Each enumerator shall complete the work required in his district within 30 days in the case of rural districts and small towns, and within two weeks in the case of any incorporated city, town or village which had 2,500 inhabitants or more under the census of 1910.

The census of agriculture is to be completed within the same period, the inquiries, however, covering the year ending December 31, 1919.

The population of the 11th census district in 1910 was 249,605, and was the fourth in population in Missouri. The census bureau and the supervisor welcomes and invites the co-operation of all public minded citizens and organizations so far as such co-operation can be legitimately rendered. Census information however cannot be disclosed in advance of the official announcements to be made by the census bureau at Washington, D. C.—Potosi Independent.

State Hospital Inspected

Farmington, Mo., Oct. 10.—Miss Mary E. Perry and Judge J. B. Greensfelder, members of the State Board of Charities, made an inspection the last two days of all departments of the Farmington state hospital. They report that the patients are exceptionally well fed, and that the general management of the institution is ideal.—St. Louis Republic. (Practically the same report appeared in the Globe-Democrat.—En.)

Auction Sale of Registered Cattle

There will be seventeen (17) head of Hereford cattle and fifteen (15) head of Short Horn Durhams sold at the N. B. Graham barn near the depot in Fredericktown, Missouri, on

FRIDAY, NOVEMBER 7, 1919.

Sale will begin at 10 o'clock a. m. These cattle are all registered and come from some of the best herds to be found in Missouri and Illinois. These cattle will all be sold regardless of the price they bring, as the owners of both lots have sold their farms and cannot keep them. They consist of cows and calves with several males in the lots.
